## PRODUCT RANGE

Sweater is none-the-less considered as warmness only; instead to a greater range it has come-up as a Fashion Trend under the change of weather. People are now more near knitwear than it was actually ever before. The luxury & variability of designs in heavy jersey has given a new name and renown to sweater industry. At present, sweaters have also been considered as exciting cold protector like outdoor & casual wear produced with both regular and non-conventional yarns.

Our product range is covering all kinds of Pullovers, Cardigans, Leggings, Hats, Scarves etc. in Jacquard, Intertia & Fancy Knitting. We are also doing sweaters in Piece dye, Acid wash, Dip Dye etc.

## Q U A L I T Y   A S S U R A N C E

Southeast Sweaters Ltd. has its own quality assurance system to make top quality sweaters. Through our disciplined Quality assurance & quality monitoring system, we are ensuring:

- Reduction of the re-work
- Improvement of the productivity
- Identify people who requires more training to meet requirements.

We do also have checkpoints at all processes. We are testing raw materials for physical & chemical characteristics by reputed textile testing laboratories to ensure the materials are of high standard.

Pre final audit (QA) team carries out 100% pre-final inspection before offering them for Final Inspection by Buyer's QA.

We are targeting to have a complete Metal Free production place having each of the garments produced in SSL to be passed through Metal Detection and kept under the C-TPAT regulations for safety & security.
